HELLO

We're Meatless Farm, we're one of the UK's fastest growing meat alternative brands. We're not strictly anti-meat or pro-vegan, we're simply on a quest to drive sustainable eating and help people reduce their meat consumption, by making swapping to meatless easy.

Meatless Farm was founded in 2016 by Danish Entrepreneur Morten Toft Bech. Concerned about health, environment and animal welfare, he set out on a mission to create a range of delicious and nutritious plant-based meat alternatives for his family.

Our range of plant-based beef, chicken and pork, available in retail and foodservice, make it easy for you and your customers to swap to meat free without sacrificing taste or texture.
