Traditionally reared in spacious, open farm buildings with natural light and ventilation, bedded daily with fresh straw or wood shavings and continuous access to food and water.

Carefully selected specialist traditional breeds which are grown slowly to maturity; this ensures the quality, flavour and succulence of your Christmas turkey and a high proportion of breast meat.

USK VALE FREE-RANGE BRONZE TURKEY

The Free-Range Bronze Turkeys roam and forage on rolling Monmouthshire pastures from the age of six weeks.

This freedom to exercise gives the turkeys an enriched way of life which helps to develop and improve the quality of meat, giving it superb flavour and texture.

CREEDY CARVER DUCK

Succulent and satisfying, the deep flavoured, slightly gamey, tasting meat combined with crispy skin makes for the perfect combination.

The covering of natural, buttery fat, will help retain the moisture during cooking and add to the experience.
