PREMIUM AND EVERYDAY TEA BAGS

Birchall Tea

PASSION AND TRADITION...

BIRCHALLS rich heritage and passion for creating perfect blends is reflected in the award-winning collection of teas and infusions. Through five generations of the family, starting with Birchall Graham, the pursuit for perfection continues to be the mantra lived by today.

The origins started in 1872 when Birchall George Graham planted his first tea in Darjeeling and subsequently continued in the tea trade, successfully developing the business and acquiring the knowledge and expertise to create the finest teas in the world.

KNOWLEDGE & EXPERTISE

Birchall teas are always **100% pure main grade black leaf tea** which means no powder, dust or stalk is added. To achieve this, Birchall only select teas from estates that achieve the highest of picking standards. Their skilled farmers pick only the soft leaves and the bud each time. This is known as the Perfect Pick. It delivers the greatest quality from the tea bush and is evermore sought after.

Birchall's passion for teas and unrivalled tea blending expertise is also reflected in the speciality Infusions range. Each one is packed full of flavour and intense aromas to revitalise the taste bud to create naturally caffeine free, beautifully balanced fruit and herbal tea blends. Birchall source and select only the finest ingredients from around the world, and apply their 'know-how'.

PERFECT TASTE AND FLAVOUR

From classics such as Camomile and Peppermint, through to new favourites Lemongrass & Ginger and Redbush, the Birchall collection includes a tisane to suit every serving occasion and taste.
